The app includes **practice deals**, different types of **tournaments** (daily, series, federation, commented tournaments to mention just a few), **challenges**, etc. You can also follow major national and international bridge events live with the broadcast tool "**Funbridge Live**".

Play while waiting for your train to come, for your plane to take off...

Funbridge is available on **PC**, **Mac**, **smartphones** and **tablets**. The basic version is absolutely free. Once you have used up your 100 free deals, you receive 10 free deals per week so you can keep on playing, or you can take out a subscription with unlimited deals (from around €13 per month).

Set your conventions

Several built-in bidding systems are available: SAYC, ACOL, French 5-card major, 2/1, Polish Club, Nordisk, NBB Standaard Hoog, Forum D. You can also create a **free profile** with your own conventions.

Funbridge, official partner of bridge federations

Funbridge has built solid partnerships with several bridge federations: France, England, Norway, Switzerland, Turkey, the WBF and now the EBL. Federation tournaments are open to everyone. You have to buy specific credits to participate, there is no need to subscribe. And you earn Master Points counting for rank advancement if you enter your federation membership number.

Make rapid progress

Games on Funbridge are scored by IMPs or MPs. You can watch a replay of other players' moves (bidding and card play) on each deal and **assess your skills against champions**. Hints are also available, giving you the meaning of each bid and relevant information to learn and progress.

The Funbridge interface

The app is easy to navigate around. Enhancements are regularly made to meet our players' needs.
